## Our Mission

The mission of the Lehigh Valley Economic Development Corporation is to market the economic assets of the Lehigh Valley and to create partnerships to support the recruitment, growth and retention of employers and the creation of jobs for people of all skill and education levels.

The Lehigh Valley Economic Development Corporation Board of Directors brings together the talents and expertise of individuals from some of the region's largest companies and organizations, representing a wide range of sectors and industries from the economy. These dedicated individuals from both the public and private sectors work together toward the same shared goal of supporting economic development, creating and retaining jobs, and attracting talent in the Lehigh Valley.

The support of the LVEDC Board of Directors is essential in the development of our organization's long-term strategic plan and in defining LVEDC's vision, priorities, and strategic initiatives, in such areas as the recruitment and retention of businesses and the attraction of talented individuals. The vision of the board helps enable LVEDC to go beyond traditional economic development marketing strategies and compete with regions much larger than our own.

“

Our board brings together the talents and expertise of individuals representing a wide range of sectors and industries from the economy, and their guidance has been crucial in the development of LVEDC's strategic plan and the implementation of strategies that have supported the continued economic growth of our region.

”
